## Customer Reviews

This was an entertaining little novella. But, while it is well written and has a nice plot, it is lacking in the romance department. IMO, the story got bogged down with Susan's efforts in disciplining the children, and unfortunately, the romance got lost in the shuffle. Susan is one of twelve children, who are known in their community as the "demon horde!" Susan, as the eldest at 18, has been helping her parents take care of her siblings since she was a very young child. Susan's parents

were strict with their first four children, but then after that they got tired and just kinda gave up. As a result, the younger eight Miller offspring are little terrors. Susan has had it with children. She so badly wants to escape that she answers an ad to become a mail order bride. Susan's only requirement for a husband is that he not have any children. She figures if God "curses" her with any children of her own she will raise them with "a long switch!" Lol. Susan answers Jesse's letter and heads to Texas to marry him. Jesse is 23, has no children, and has never been married.

Unfortunately, before she arrives Jesse is murdered. Susan is met at the train station by David, the hero and Jesse's older brother, who gives her the bad news. He asks Susan to marry him instead. David is in desperate need of a wife. He is a widow with four boys and needs help raising his children. Unfortunately, David's boys are hellions, and no woman who knows them wants to marry him and take on his boys. Susan is hesitant about marrying a man with children, but agrees to meet the boys before making a decision. Susan meets the boys. They are extremely well behaved, so she decides to marry David.

Mail Order Madness (Brides of Beckham) is the third in the Brides of Beckham series. I read them somewhat out of order. However, this only compliments the series as I normally do not like to read "backwards". And I had read the second first, then the first and now the third. As with the second book, Mail Order Mama (Brides of Beckham), I enjoyed the culture clash somehow. Only this time it was not East versus West, shy versus boisterous but child rearing. Susan, the heroine, is desperate to leave her small family farm with her eleven younger siblings behind. For as long as she remembers, she is babysitting, cooking, sawing and cleaning. While she and her next three siblings were raised very strict and had felt switch when they misbehaved, she realizes that her parents were just simply tired after four kids and the seven that followed were allowed to run wild. David, the hero, grew up somewhat privileged and inherited the family ranch. His wife died after giving birth to twins. He has been a widower with 4 "hellion" boys for a year, unable to hold on to a nanny, when his younger brother tells him that he has sent for a mail order bride. His brother is rather independent and is saving up to buy his own ranch, not wanting to have the ranch the brother grew up, split in half. Therefore he had asked for a simply young woman who would help him save his funds towards that goal. Susan had deliberately picked Jess as her groom as he has no children.
