### **Customer Reviews**

I absolutely love this story! It is so hot! Andrea is a young female werewolf in heat. She has 4 sexy wolves ready to help her out. They do and announce they are mates. What is a girl to do?! This is a very steamy story. I recommend it.

I loved this box set. It was great and explained what was going on with Andrea. I can't wait to read more by this author cause she takes you through not only what is happening, but why it is starting to happen. I love that our Andrea has no idea about what is happening to her and why there are four hunky males out side her home. You will have to read the books to understand. Can't wait to read more.

I loved the bundle pack of different stories! Each one was different I. It's own way! Keep it going good!

Hot sex with 4 sexy ass werewolf and they won't stop till she's knocked up. Holy hell Batman, sign me up!

This is my first time reading this author and I loved the storyline. It was a little confusing at first but mainly because I didn't know the background or the characters. If there was one thing I would change it would be making it longer!!

Totally new experience for me. First time with multiple lovers and sharing some different action. Never too old to learn.
