Customer Reviews

A young woman whose job is phone sex connects with someone that convinces her to meet and greet them and from there love blossoms. There are trials and tribulations to be sure but....you are going to have to pick this book up and read it for yourself to understand my complete fascination with this novel.

I enjoyed this book. This story had a very different storyline which made it a unique read. I enjoyed the characters Michael and Chantal, they are very likable. The characters have great chemistry and I enjoyed their interaction during the story.

Amazing Story. The character's Michael and Chantal had chemistry. Michael is a billionaire who is tired of women using him for his money. Chantal is a sex phone operator. This is a standalone book. I recommend this book.

It started great but nothing really exciting about the book. Very predictable. However, I enjoyed it. Keep up the good work.

I loved it! I love, LOVE, romance and erotic books.
