Customer Reviews

This product is just what you expect it will be. The Wizard of Oz in Spanish. It's a great book for intermediate Spanish students as it is challenging, but not insurmountable. Further, it would teach them all of the valuable vocabulary they would want to know if they ever found themselves lost and trying to escape from a fantasy world populated by a variety of eccentric characters and terrorized by evil witches.

The text for the chapter contents is grey, not black, making the text faint and hard to read. The

chapter headings are black, but the text is noticeably lighter. I found it harder to see and went with another version with black text. The lack of a table of contents and chapter markers was also a bit annoying, but not a deal-breaker on such a short book.

This book is a great joy to read for spanish students, it is an adventure with magical and lovable characters!El libro es amable. Yo quiero la historia mucho. Es una aventura simpatica.I am a high school Spanish student who enjoys reading kids books in Spanish for fun.Leer libros para ninos en espanol es muy divertido. Compralo para sus hijos.I love the convenience of using the Spanish to English dictionary in my Kindle for the occasional word I wish to look up. The Spanish to English dictionary is great because it doesn't interrupt the story as much as pulling out an old fashion dictionary and looking a word up and you don't have to carry a dictionary with you if you're reading while you travel. It translates Spanish to English only, but that is perfect for my use.Merriam-Webster's Spanish-English Translation Dictionary, Kindle Edition

Nunca habÃa leÃdo este libro, realmente no se si la traducciÃn se apega fielmente al original, pero me pareciÃ bastante bueno, es muy simple de comprender y fÃcil de usar par enseÃar.Si recomiendo que antes de adquirir este libro investigar un poco mÃs para ver si existe alguna opciÃn mejor.

This Spanish language version of The Wizard of Oz contains the original W. W. Denslow art work, which is a beautiful story in itself. I am a Spanish language learner and still very much a beginner. I know the story of the Wizard of Oz, which helped with my comprehension, but I most certainly did not fully understand each and every page.Full comprehension didn't matter to me. I had fun pronouncing all the words as best I could, including Dorothy's good friends: El EspantapÃjaros (The Scarecrow), El LeÃador de Hojalata (The Tin Woodsman), and El LÃcon Cobarde (The Cowardly Lion).

I bought this book for my bilingual children since my husband had bought them the Wizard of Oz and simply loved it. However, it was an abbreviated version and so I thought I would read them the full version in Spanish since that is the language with which I communicate with my children. BUT the translation is HORRIBLE and BORING! I think I will do my own translation, thank you very much.

El mago de oz es una obra que más que ser para niños es para los adultos. Un libro donde la psicología de los protagonistas es una búsqueda de la humanidad.

Es un gran libro, solo encontré un par de errores de forma en el texto, pero en general es un muy buen libro, se entiende muy bien, lo recomiendo a todos.
