Customer Reviews

Ok so I liked this book but it kinda pissed me off that you made money come back just to turn around after everything him & Victoria been through for them not to end up together what's the logic in that? To say I'm super disappointed is an understatement to me the love they shared can't even be touched by her & keys situation but I guess it was definitely not the ending I hoped for & im done with this series if it's not Mia & quan story I can't bring myself to read it this broke my heart yayo was alright but ugh I'm just smh

I am disappointed Money and Victoria didn't end up together. At the end of CD5, they were together. But, in CD6...we read it's a dream. WTF??? Dream plots to erase a storyline a writer no longer likes doesn't work in TV and dang sure don't work in books. The author should have left well enough alone. It was a slap in the face to those of us diehard Money and Victoria fans. Definitely did NOT like Money and Yayo together at all. It almost felt as if the author felt compelled to have Money find a 'soulmate' since everyone else had one. No matter though, Money and Yayo's relationship just doesn't have the depth of intensity that Money and Victoria's has. It also doesn't seem authentic. Also, when Yayo was first introduced the author described her as 'average in the face.' But, later she was described as bad or beautiful. Authors really need to be mindful of how they initially describe a character because we readers remember even when it's evident they forget. The author supposedly ended the series with CD5, which would have been a great place to end the storyline of those characters and let CD6 focus on the offspring of Coke/Sy, Mike/Shani, and Tre/Nik. I don't think this is the end of the series based on how the epilogue was written. I can see the author cranking out a couple more books where the final payoff will be Money and Victoria together as they always should have been.

Ok I'm mad that this book was not about the dynamic of my money more like the ending of the My money dynamic!!! Ugh I hate that my couple is STILL not together!!!! I'm sad that they never fully had a chance to meet their full potential from moment money came back!!! Ok vent over!!! Lol but this was a well written and thought out book and had me thrown for loops left and right!! I can't believe Leenah would turn out crazy like that!!! I love the growth from all characters and I'm loving the new ones!!!! But sadly I don't want to read about money and Yayo because I'm team Vic and Money all day!!! Them my day ones!!!!...lol Overall it was a great read and worth the money

ARABIA!!!! You have done it again I love this book. I love how you added more characters to the book I love them and their story lines. Money and Yayo perfect couple love their chemistry. I love how you keep everyone together Coke and the gang I love them and their love and loyalty they have for one another. Thank you for keeping my Victoria and Keys together Yessssssss (sorry for the spoiler) my favorite couple. You just get better with time. You're one of the Best Authors in the game top 3 for sure. Keep up the good work. I give this book a 5 â... Its really a 10. I can't wait for your next book plz hurry.

This was a good book. I wish Coke would have been in the story line a little more than what he was. Money is just the best dude ever...Yayo is one helluva character also. This is one of the best series I've ever read. The author keeps u entertained from the beginning to the end. Could have been a little more excitement/action but it was good...coming to the end I feel like there's a CD9 coming....can't wait to see what happens next

I was so excited to read this book (as Money is my favorite character besides Coke of course) only to be let down. This book could not hold my attention at all, it was truly a disappointment. I swear everyone that has given this book 5 stars is on Arabia's payroll. I honestly feel that this book was RUSHED and that the author failed to give us the fans what we really wanted. Money and Yayo was not the perfect couple despite what others are saying. There was absolutely no chemistry between the two of them. I'm all about money finding love but I was not feeling Yayo at all. He was better off with Egypt, or Leena (before she went psycho lol). Although this book was about Money he was my least favorite character in this book which is a disappointment in itself (Keys and Gank took the thrown in this one). I really wish Coke, Tre, and Nikki had a story line. All in all this book was boring there was no excitement, Arabia forced Yayo and Money's love upon everyone. This was the worst book within the series I wish I could get a refund on this purchase. Needless to say I'm done with this series. #TeamMoney&Vic

Another great read about the crew!!!! I am happy that Money and Vic are in a place were they both are truly happy.. They will never truly end because of the mutual love and respect.. I love Arabia and she has truly done it again..

This was so good omg. A beautiful ending. I really like Yayo she was a female but just a tough and gangster as a dude her and her crew was thoroughbred. I loved Money in this book but I'm forever Team Keys. That will never change ! Money and Yayo was good for each other. I hope they are next to take that leap and get married.
